DETAILED ACTION

Election/Restrictions

Newly amended claims 1-40 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: The original claims were drawn to apparatus/systems and the amended claims are now methods. The apparatus can be used for other processes such as marking processes.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-40 are withdrawn from consideration, being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The amendment filed on October 03, 2005 changing all claims previously drawn to apparatus inventions into method inventions is non-responsive (MPEP § 821.03).

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
